Forms Standardization Update

Important Timelines for transitioning to the new forms

The Provincial Forms Standardization Committee is preparing to release ten new provincial forms. Stay tuned for specific information on which forms will be changing closer to the transition date. Once released, the forms will be added to the EMR for your use. You will find them in the EMR Messenger under the title 'New Templates Available for Newfoundland.' To help in the transition however, existing versions of the forms will remain active in the EMR for ONE MONTH before being removed. Do not use the old form after the one month transition period. If you are using any of the affected forms in task templates, please ensure you attach the new form within a month of its release.

eDOCSNL also recently completed an internal forms review and updated 66 forms in the EMR. If you notice issues with existing forms in the EMR, please email request.qaforms@edocsnl.ca.
