The Plan

Solidifying the foundation

- ✓ eDOCSNL and TELUS Health representatives will host an interactive booth, workshops and demos during the 2018 Family Medicine Conference from October 12-14
- ✓ Enhanced MCP Billing functionality is being rolled out to all eDOCSNL clinics

Relationship building

- ✓ The Clinical Advisory Committee will focus on the needs and priorities of end users and address topics like mature use and standardization
- ✓ Strategic plan will be shared at the Family Medicine Conference

Increase knowledge and efficiency of Med Access EMR

- ✓ Practice Advisors will re-visit all existing eDOCSNL clinics
- ✓ Opportunity to review basic EMR functions such as appointment booking, profiles, patient visit documentation and billing, plus more
- ✓ Highlight new features such as the physician dashboard, eConsult and INR
- ✓ eDOCSNL will contact each clinic to schedule visits
