

User Guide

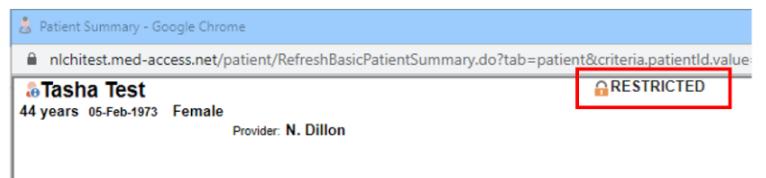

Med Access: Unrestricting Patients

Unrestricting Patients

1. Left click on the word Restricted on the daysheet to open the patient chart.

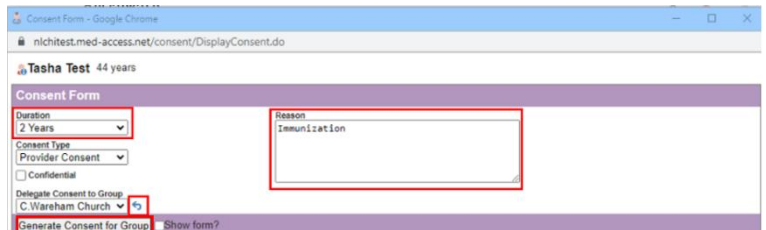

Memo	Time	Patient	Primary Chart
	11:35		
	11:40		
	11:45	Restricted	
	11:55		

2. Click on the word Restricted.

Patient Summary - Google Chrome
 nlchitest.med-access.net/patient/RefreshBasicPatientSummary.do?tab=patient&criteria.patientId.value:
Tasha Test RESTRICTED
 44 years 05-Feb-1973 Female
 Provider: N. Dillon

3. In the Consent Form window, use the drop-down to set the duration to 2 Years, then click on the little blue arrow to Delegate Consent to Group. In the Reason box, type Immunization. Click on Generate Consent for Group.
