BCM BILLING: SUPERVISING A LEARNER

According to section 3.7 c) of Schedule R of the Memorandum of Agreement (MOA), the Blended physicians who supervise learners will be paid 100% for their fee-for-service claims. A learner is defined as a resident or medical student.

Bills can be created in a Pending status by the resident learner under the supervising provider to gain experience in billing. The learner will not approve the bill. The provider and/or clerical who approve the billing of a patient who is rostered to Blended Capitation will need to select "5 - Learner Student Supervision (Blended Capitation)" under the **Provider Capacity** pull-down field in the billing window:

The screenshot displays the 'Bill' form in the eDOCSNL system. The form is divided into several sections. The top section includes fields for 'Billing Provider*' (Kennedy, Martina), 'Blended Capitation' (checked), 'Referral Code' (Non-referred patient), and 'Inst./Hosp. Code' (Select Favourite...). The middle section contains 'Service Code 1' (CHRONIC DISEASE M), 'Code' (127), 'Skill' (01 - General Practitio), 'Calls (qty)' (1), 'Date*' (14-Mar-2024), and 'Insurer' (NL - 220071092898). Below this are 'Diagnosis' (CHRONIC AIRWAYS O), 'Code' (496), 'Premium', 'Remarks Code', and '3rd Party Insurer'. The bottom section shows 'Unit' (12.37), 'BCM' (checked), 'Write-off' (0.00), 'Total' (12.37), 'Paid' (0.00), 'Balance' (12.37), and 'Status' (Pending). At the bottom right, the 'Provider Capacity' dropdown menu is open, showing options: '0 - Surgeon and/or Atter', '0 - Surgeon and/or Attending Physician', '1 - First Assistants for Surgical Procedure', '3 - Anaesthetist', '4 - Non Blended Capitation Claim', and '5 - Learner: Student Supervision (Blended Capitation)'. The '5 - Learner: Student Supervision (Blended Capitation)' option is highlighted in blue. The 'Internal Comment' field is empty.

This selection under the **Provider Capacity** field will remove the BCM check mark from the bill and allow the unit field to calculate at 100% payment of the Fee Code:

The bills can then be approved. If the Provider Capacity field of “5 - Learner Student Supervision (Blended Capitation)” is not selected, the bill will be approved at the Blended Capitation rate of 25% of the fee code unit price.
